Whirling Dervish Media

Welcome to WDM. We take our approach to the world of media very seriously. This is our art and creating high quality videos and films is our specialty.

Over the past two decades we have worked on countless projects, ranging from community arts projects to more complicated high budget documentaries for broadcast television. One of our priority areas is working with youth in the not-for-profit context.

We offer the following services:

1. Video Production Short Courses

Course 101 A

This covers the ABCs of video production, from camera operation, composition, lighting, sound and editing. Involves hands on experience and creating your own short videos.

2. Media Training (how to understand and talk to the media)

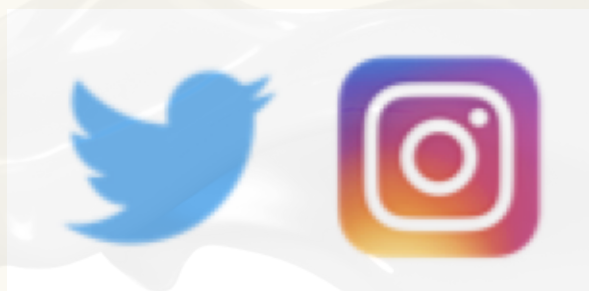

Course 201 A

The 2 day Media Training workshop is designed for community groups wanting to understand and engage with the mainstream media. Modules covered are: How to write a press release, radio interviews, camera interview techniques, with detailed feedback and group assessment. A must workshop for community or organisational spokespersons.

3. Social Media Training

Course 202 B

This workshop covers all the major social media platforms; Twitter, Insta, FB, Tik Tok and LinkedIn amongst others.

4. Promotional Videos & Commercials

Course 105 A

This is our most popular service. We can tailor videos for any of your needs, including social media formats, for classroom presentations or for events and functions.

5. Short films and productions

Course 300 A

We have made several big budget productions for broadcast. We can also make short films for any budget.

We will manage the film from concept to script writing, planning, shooting and post production.

By Compass and Quran: History of Australia's Muslim Cameleers ABC TV 2015

6. Community Film Mentoring Programs

We love helping young minds grow and learn about the art of film making. Our mentoring programs are designed to empower the youth, give them important skills such as planning, story-boarding, framing shots, editing, working in a team and being in front of and behind the camera.

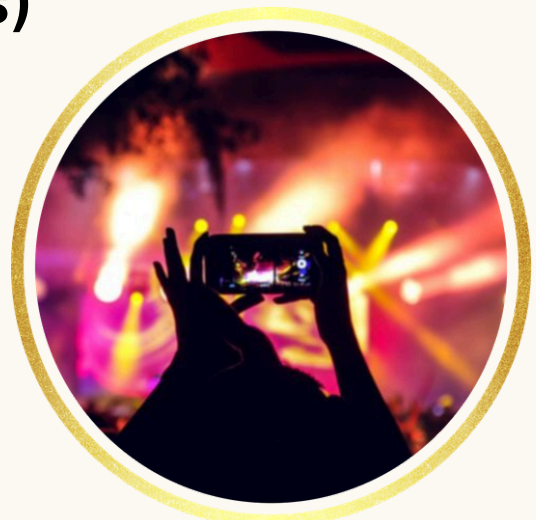

Course 102 B

7. Multi-cam shoots for Events and Functions (no weddings)

Course 501 D

These days almost every event is recorded for training purposes or just to keep a record of the event. We can offer multi-camera set ups and make your event a professional and engaging one.

Expression of Interest

Please email us at fairdirector@gmail.com and provide the following information:

In what type of project are you interested?

Is it a video?

Is it for Social Media?

Is it training you require?

Or are you after a video to present?

Are you a not for profit organisation?

Is there a deadline?

Your name, mobile number and email.

Thank you
